

Ashtabula Municipal Court

Annual Report for 2017

Mission Statement

The Ashtabula Municipal Court shall be effective and efficient when resolving disputes in order to uphold the laws and regulations of the court's jurisdiction and the State of Ohio. The Judge will interpret and apply the law with the utmost fairness and impartiality in order to protect the rights and liberties of all people guaranteed by the Constitution of the State of Ohio and of the United States of America.

|

The Annual Report for the Ashtabula Municipal Court (AMC) is to notify the public about the Court's programs, statistics and accomplishments.

The AMC has one Judge, one Magistrate, and one Court Administrator / Clerk of Court, one Head Bailiff/Head Security Officer, one Bailiff, one part time Bailiff and a part time Drug Court Administrator.

AMC departmentalized creating the following:

Criminal/Traffic Department, Civil Department, Probation Department, Bookkeeping/Customer Service Department, and Information Technology Department

The Criminal/Traffic Department consists of one Supervisor Deputy Clerk / Judicial Assistant, one full time Traffic Clerk, and one full time Criminal Clerk.

A brief summary of the Criminal/Traffic Department from the Supervisor Deputy Clerk:

2017 was a year full of changes! Change can be a very good thing, and I think the Traffic/Criminal Department had many achievements.

We kicked off the year with the Fresh Start Program. The program was held for a week in January 2017. People had the opportunity to make a minimum payment of \$50.00 toward fines and costs, and the Court would match the payment. The Court collected a total of \$17,404.00 and 192 cases were paid in full.

We then followed up with the Clean Sweep program held for a week in March 2017. This program was implemented to promote the Court's updated website. People had the opportunity to make a minimum payment of \$50.00 online, and the Court would match the payment. The Court collected a total of \$13,919.00.

Because the modern world is very involved in social media, the Court created a Facebook page in April 2017, in an attempt to reach more people regarding current events at the Court. As of today, the page states that 97 people have viewed the page, with 31 followers.

In August 2017, the Court attempted collecting on outstanding fines and costs by utilizing registration blocks and license forfeitures issued through the BMV. A list is compiled each month of people who have not made a payment in three months, and has a birthday coming up the following month. This method has been very efficient and effective! People which have not been able to be located through traditional methods of collection have now been contacted by the BMV that they must contact the Court to release the registration block and license forfeiture. In addition, the Court offers the LFF program (License Forfeited for Fines). If people cannot pay the total amount owed, they may pay 10% of the balance owed (minimum payment of \$50) and continue to make a minimum \$50 payment each month to obtain a release of registration block and license forfeiture upon initial payment and enrollment in program.

While we do not have an exact amount of money collected since inception of the birthday block program, I'm pleased to announce that our monies collected have increased by 14% compared to 2016. Total T/C (traffic/criminal) monies receipted in 2016 was \$712,009.69; total T/C monies receipted in 2017 was \$815,896.55.

Criminal case volume stayed consistent with last year, whereas Traffic case volume increased by 567 cases compared to last year.

Overall, the Traffic/Criminal Department in 2017 has been steadily working on improving case flow and continuing to collect more outstanding fines and costs owed to the Court.

Civil Department consisting of one full time Supervisor Civil Clerk and two part time Civil Clerks.

A brief summary of the Civil Department from the Supervisor Deputy Clerk:

2017 was a busy year in the Civil Department. Between an annual increase of case filings and two new employees, there have been many fast-paced changes. When comparing statistics from 2016 to 2017, there have been significant increases both in case filings and monies receipted.

--Case Filings in 2017 increased by 171 cases, or a 16% increase from 2016

--Civil receipting in 2017 increased by \$80,522.25, or a nearly 20% increase from 2016

In addition to the increased workload, the Civil Department has focused on becoming more paperless by emailing almost all hearing notices and other case-related documents. We estimate an annual savings of several cases of paper, two printer toner cartridges, thousands of envelopes, and at least \$250.00 in postage. The Court also began allowing many civil pleadings to be filed via email, which saves further paper and supplies because the documents can be electronically filed, without the need to be printed, such as fax filings.

The Civil Department also changed some filing policies that have increased revenue, and greatly reduced processing time for clerks. First, a more aggressive procedure was put in place to collect additional fees owed for pleadings that were filed without the appropriate filing fee. This resulted in the collection of over \$1,000.00 additional fees in 2017 alone, some as many as 10 years old. Second, pleadings that require a fee are no longer filed unless the appropriate fee is included. Fee-based pleadings received without any fee are returned to the filer with a note explaining that the pleading will be filed once the fee is received. This saves the time and expense of sending additional fee notices and collecting fees owed at a later date.

In 2018, the Civil Department's primary focus will be decreasing turn-around time for all pleadings and service requests and continuing to focus on technology to further justice and reduce paper use.

Probation Department consisting of one Chief Probation Officer, two full time Probation Officers and one part time Secretary.

A brief summary of the Probation Department from the Chief Probation Officer:

In the year of 2017 the Probation Department accomplished, with the installation of a new computer program, a way to closely track hours for community service. There were 100 participants and 2596 hours were completed.

As always, the staff in the Probation Department has been active in the collection of restitution to make the victims whole. In 2017 we collected \$17,397.70.

With the opiate abuse that plagues our community the staff at the Probation Department has continued with the active role in the supervision of our clients. We made sure that the necessary treatment was provided for the clients and they complied with all recommendations as well as Court orders. The supervision provided had the safety of the community in mind. In 2017 the Probation Department supervised 624 individuals.

Bookkeeping / Customer Relations department consisting of two full time customer relations clerk and one full time bookkeeper/small claims deputy clerk.

Information Technology department consisting of one full time Network Administrator.

Below shows AMC's progress:

1) Hired two full time Deputy Clerks to replace vacancies.

2) Started the License Forfeited for Fines (LFF) Program.

3) AMC created two programs (Fresh Start in January and Clean Sweep in March) that allowed individuals to pay on back fines/court costs and the Court matched what was paid by the individuals.

4) The Specialized Docket Section of the Ohio Supreme Court has granted "initial certification" to the AMC court to operate a Drug Court Docket. With this initial certification, the court is authorized to fully operate its Drug Court, which will be officially referred to as Recovery Court. Recovery Court will be Wednesdays at 11:00.

Included in the Annual Report is:
